Simple Funeral Service In Our Chapel

We ask for full payment prior to the date of the funeral for this service.

This is designed for families who would like a simple ceremony but feel that a service at the crematorium would not be appropriate, perhaps because only a few people would be present. This service includes the use of our chapel for up to two hours, and the use of our sound system. A celebrant can be added for an additional £235 if required, or if only a committal or blessing is wanted this is available from a celebrant for £50. Some families may prefer to conduct the service themselves, or feel that no formal service is needed, just the opportunity for family members and friends to gather together to talk and listen to some music. On the day following the service, we will take the person that has died for direct cremation at Darlington or Wear Valley Crematorium.

The price includes an eco-friendly bamboo and hemp coffin made locally, collection of the person who has died from a local hospital, daily care, transportation from our premises to either Wear Valley or Darlington Crematorium. The person who has died will always be cared for in our premises by our staff and the cremation will take place locally. We will tell you the date and time of the cremation if you would like us to, and we will never use a third-party company to carry out the cremation.

Unlike many companies that offer direct cremation, we believe that it is very important that families are able to visit the person that has died in our chapel if they wish to, and so the price of this service also includes visits to the chapel by arrangement as often as you wish within working hours (9am-6pm). You may also bring us clothes to dress the person in if you would like to.

There will be an additional charge if the cremated remains need to be delivered to an address in the UK by courier. This will be calculated on a case-by-case basis.

In the event that a larger coffin is required or that additional bearers are required, we reserve the right to make a surcharge of £100 for the coffin and/or £60 for each additional bearer.
